

19th October 2018

Jake - you've settled in really well into Oak class and have really become one of the team. You have a love of learning and smile your way through every lesson. You come into school with enthusiasm and a determination to do well. You've found your voice and join in well with discussions and share your knowledge. You work quietly and always give your best. You're an excellent role model for both learning and behaviour and are truly a delight to teach! With such a good attitude you're sure to fly this year!

Rosie S - I'm giving you this award for an excellent attitude to learning so far this term! You've come back to school with a renewed confidence in yourself and a real 'can do' attitude. You're no longer shying away from challenging maths but instead are having a really good go and stretching yourself more. You are determined and ambitious and want to succeed in everything that you do. Your work is always of a consistently high standard and you take pride in everything you create. You're artistic, imaginative and creative! Keep up the good work and you're sure to have an incredibly successful last year at Earith Primary!
