Based on over 18,000 reviews

Let us take care of your childcare!

Evidence shows that a dose of physical activity before school hours start helps to engage children's minds and prepare them for the day ahead.

Our breakfast clubs offer mentally and physically stimulating activities which sharpen and focus the mind while waking up the body.

All breakfast clubs include a healthy and nutritious breakfast, including food that is low in added sugar and rich in proteins and fibre, helping to extend attention span, concentration, and memory.

Parents can relax knowing their children are in safe hands as all staff have experience working with primary school children, have been DBS checked, and hold Emergency First Aid and Safeguarding certificates.
