

Orangutan's Foundation Bingo: (w/c 22/06/20)

PE

INTERNATIONAL OLYMPIC DAY

(Tuesday 23rd June 2020)

Plan an Olympic event that you can set up in your garden/a safe outside space.

EXT: Complete it and compete against other members of your household to see who should receive the Gold (1st place), Silver (2nd place) and Bronze (3rd place) medals!

History

Find out as much as you can about the history of the 'Olympic games'.

Here are some questions to get you started...

- When did the Olympics begin?
- Where did this happen?
- Why are they held every 4 years?

You may wish to use books the Internet to help you!

The following website is quite useful and even has a video to watch:

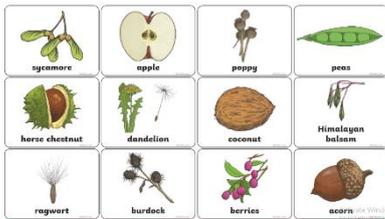

<https://www.bbc.co.uk/bitesize/topics/z87tn39/articles/z36j7ty>

EXT: The ancient Olympics wasn't just about the sport- it was a religious festival too → TRUE or FALSE?

Science

Look at the pictures (large version attached below for printing, cutting out and sorting).

Sort them according to the different ways that the seeds can be dispersed.

Tip: Some may fall into more than one category!

PSHE

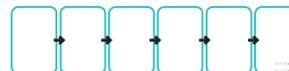

Create a timeline of your life.

You could us draw this, print and use the resource below or make it by using other resources (such as a long strip of paper and photos or a piece of string with pegs).

- What were you able to do at different ages?
- How have you physically changed?

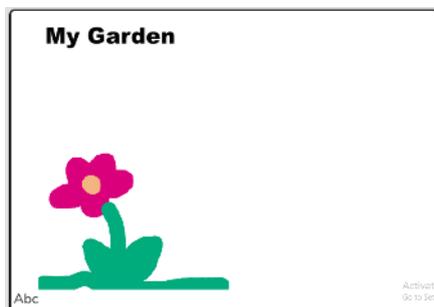

(Large version attached below)

Computing (*Science Link)

Create a virtual garden using the following link:
<https://www.purplemash.com/#app/pap/home/garden>

Try to use a range of tools to change the size and colour of the brush and add text to label the key features.

Geography

Select a place in Africa to compare with where you live. For example, you might choose a village or town in Kenya.

Look at the everyday lives of the people who live there.

- What is similar to your life?
- What is different?

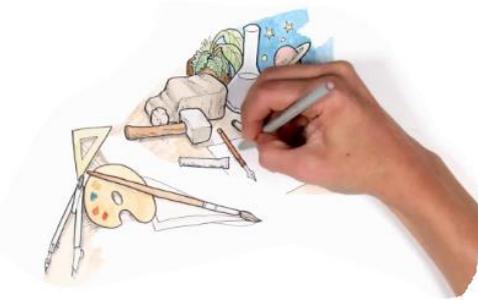

You may even like to 'zoom' into a local scale using Google Maps and compare the physical features of the landscape (rivers, bridges, houses, mountains, etc.) too.

- What is the same as Earith?
- What is different? How?

Art

Create your own Da Vinci inspired sketches of machines.

If you need some ideas, there is lots of useful information on:

<https://www.theschoolrun.com/homework-help/leonardo-da-vinci>

DT (*Music/Art links)

Think back to last week's Music lesson about the African 'Djembe drum'. Have a go at making your own using different materials that you can find at home.

You could use paper cups or even a plant pot.

Decorate it with African patterns (refer back to the Art from wb. 08/06/20).

You may wish to follow one of these methods:

<https://www.wikihow.com/Make-an-African-Drum>

RE

Watch the video clip on BBC Bitesize to find out all about the Sikh place of worship- 'The Gurdwara'.

The Gurdwara (pt 2/2)

Part of Religious Education | Sikhism

Duration 04:10

<https://www.bbc.co.uk/bitesize/clips/z8cd2hv>

Music

Using the drum that you have made in DT (refer to lesson above), practise keeping a steady beat by hitting the drum at regular intervals.

EXT: Try making up your own rhythms!

Resources

teenager

child

adult

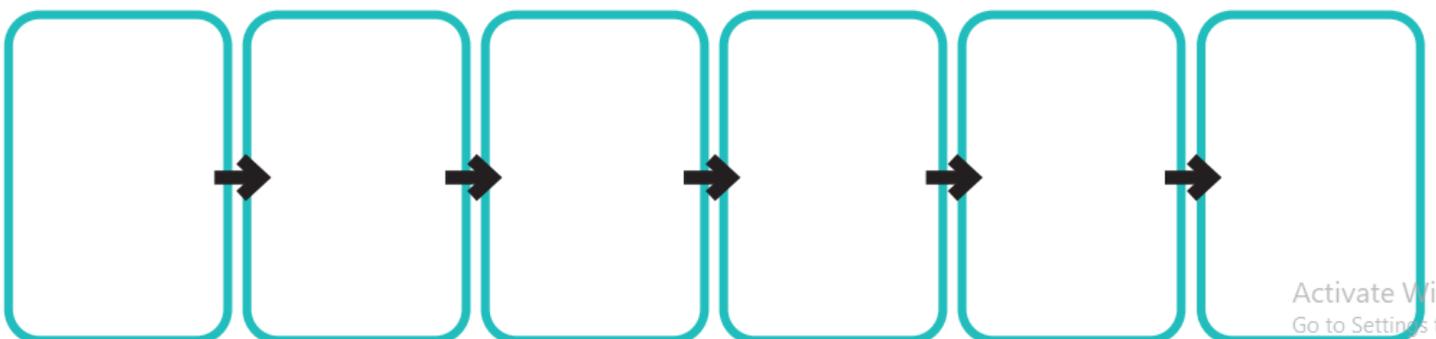

toddler

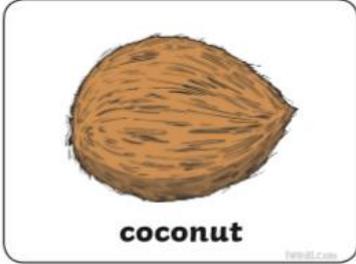

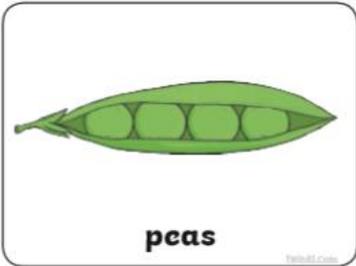

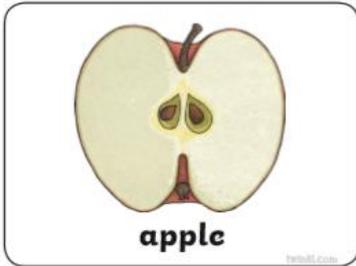

baby

elderly

Some seeds can be dispersed in more than one way so some seeds can be put on more than one sheet.

Wind

Eaten by Animals

Water

Exploding

Catching a Lift
